Species	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
---------	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----	-----

KEY: Main mitigation window

Badgers	No disturbance to existing setts/building of artificial setts only Building of new setts											Closing off/destruction of existing setts	See Jan			
Bats	Works to maternity roosts	Works to maternity roosts	Works to maternity and hibernation roosts	Works to hibernation roosts only	Works to hibernation roosts only	Works to hibernation roosts only	Works to maternity and hibernation roosts	Works to maternity and hibernation roosts	Works to maternity and hibernation roosts	Works to maternity and hibernation roosts	Works to maternity and hibernation roosts	Works to maternity and summer roosts				
Birds	Clearance of nesting habitat											Clearance of nesting habitat				
Dormice	Above ground vegetation clearance											Capture and Release	Capture only	Above ground vegetation clearance		
Great crested newts	Pond management only (newts in hibernation)											Newt trapping in ponds and on land		Newt trapping on land only	Pond management only (newts in hibernation)	
Otters	No timing constraints but likely to be restricted where otters breeding (Otters can breed at any time of year)															
Reptiles	Above ground scrub clearance only (reptiles in hibernation)											Capture & translocation programmes	Capture and Translocation (Sub-optimum)	Capture & translocation programmes	Above ground scrub clearance only (reptiles in hibernation)	
Water voles	No works in habitat											Trapping/Exclusion		No works (breeding period)	Trapping/Exclusion	No works in habitat
White-clawed crayfish	No capture programmes											See Jul-Oct	No capture programmes	Capture and exclusion from construction areas	No capture programmes
